

Code of Ethics to Check Malpractices and Plagiarism in Research

The institution is committed to producing and promoting research, unadulterated with plagiarism and other unethical practices, all this, while endeavouring to maintain academic freedom and innovation. The college invites its teachers and students to abide by the highest standards of integrity in their conduct of academic research and/or support to academic research activities, which include the following:

- This Institute is committed to promoting and maintaining high standards of integrity and accountability in the conduct of academic research and is keen to embed and endorse the culture of honesty and transparency in all its institutional activities.
- The institute strives to preserve academic honour and integrity by repudiating all forms of academic and intellectual dishonesty, including plagiarism.
- For ensuring originality of the content every thesis, books and journals will be checked by anti-plagiarism software.
- The thesis, books and journals are allowed for submission/published only if the plagiarism checker shows similarity less than that prescribed by the university norms.
- Our college also organizes conferences and seminars on pressing issues calling for academic inquiry, and while selecting papers for the same, places strong emphasis on the standard of research, original thought and expression, and multiple layers of review.
- We also keep our teachers and students informed of appropriate guidelines for publication in various journals, including those recognized by the UGC.
- Our library is stocked with renowned journals from the world over, acting as a mirror for quality research and writing, for our teachers and students - a veritable tool that they can employ by emulating the standards of these publications.
