14 OF 36

Creating Self Brand (Contd.)

- Creating a self brand is finding the Big Idea or the attribute that makes you unique.
- You can create your "Big Idea" through your point of view, vision, style and mystique.
- Self-branding is more than your name, identity, and image. It is everything you do to differentiate and market yourself, such as your messages, self-presentation, and marketing tactics.

Computer Ethics

Computer ethics is set of moral principles that regulate the use of computers. Some common issues of computer ethics include intellectual property rights (such as copyrighted electronic content), privacy concerns, and how computers affect society.
